

POLICY STATEMENT ON NONDISCRIMINATION

A patient will be accepted for care without discrimination on the basis of race, color, religion, age, gender, sexual orientation, disability (mental or physical), communicable disease, or place of national origin.

A patient will be accepted for care based on consideration. Consideration will be given to the adequacy and suitability of organization personnel, resources to provide the required services, and the reasonable expectation that the patient's medical, nursing, rehabilitative, and social needs can be adequately met in the patient's place of residence.

While a patient will be accepted for services based on his/her medical needs, the patient's ability to pay for such services, either through state or federal assistance programs, private insurance, or personal assets are factors that will be considered.

The organization reserves the right not to accept a patient who does not meet the admission criteria.

A patient will be referred to other resources if the organization cannot meet his/her needs.

Once a patient is admitted to service, the organization is responsible for providing care and services within its financial and service capabilities, mission, and applicable law and regulations.
